

Building Capacity for HIV Services in Primary Care Training Series

Focus: This series aims to increase knowledge and improve skills regarding HIV Care Continuum topics so they may be applied in the primary care setting.

Audience: Each of these trainings is open to physicians, nurses, nurse practitioners, physician assistants, pharmacists, social workers, therapists, and other primary healthcare providers.

Platform: Each of these trainings will be conducted virtually using the Zoom videoconferencing platform. During each distance-based live session, a short recap of a prerequisite (listed below) will be presented, followed by a case presentation and Q&A. Please feel free to share de-identified cases that pertain to the topic. The presenter will try to address as many cases as time permits.

Prerequisites: One prerequisite module per session must be completed. The prerequisites may be viewed on your own schedule, but must be completed prior to joining each distance-based live session.

For more information, contact jill-coleman@ouhsc.edu.

Agenda

- **Wednesday, September 30, 2020 12:30pm-1:30pm CST**
